

MEASURES

Your safety and well-being is really important to us and our colleagues. Therefore we elaborated new standards regarding safety, hygiene and cleanliness against the corona virus.

Specific actions by the hotel

- Masks and disinfectant stations in all public areas for your safety
- Trained staff regarding COVID-19 measures
- Extensive arrangements providing safety distance in all public areas & meeting spaces
- Strict procedures with special disinfectants and increased cleaning frequencies will be performed at all public areas, meeting spaces and high touch points
- We serve food & drinks follow to strict hygiene rules during the preparation

With the IHG Clean Promise, guests are reassured that: Good isn't good enough – we're committed to high levels of cleanliness.

QUARANTINE

I. Upon arrival from the EU/Schengen area*:

- When entering Poland, a 10-day quarantine is obligatory, which may be shortened after performing an antigen or molecular test (RT-PCR) no later than 48 hours after crossing the border
- People with a negative result of the test performed not earlier than 48 hours before crossing the border are exempt from quarantine
- People vaccinated against COVID-19 with one of the 4 types of vaccines are exempt from quarantine (2 doses – Pfizer/ Moderna/AstraZeneca and 1 dose - Johnson & Johnson). At least 14 days must elapse after the last dose of vaccine was received
- People who completed home isolation, isolation or hospitalization due to infection with SARS-CoV-2 virus, no later than 6 months before the day of crossing the border of the Republic of Poland are exempt from quarantine
- Children up to the age of 12 are released from quarantine if they travel under the care of vaccinated adults or those with a negative test result within 48 hours before crossing the border
